KEEP KIDS IN YOUR PRACTICE

A lecture in Pediatric Dentistry

Dr. Carla Cohn

Friday, November 25, 2022
Delta Beausejour, Moncton, NB

Actions & Algorithms for Medical Emergencies

Dr. Daniel Pompa

Saturday, November 26, 2022
Delta Beausejour, Moncton, NB

Dr. Carla Cohn

Dr. Cohn is a general dentist, devoted solely to the practice of dentistry for children. She graduated from the University of Manitoba in 1991 and then went on to complete a post-graduate internship in Paediatric Dentistry. Since then, Dr. Cohn has devoted herself to the care and treatment of children only. She maintains a private practice at Kids Sleep Dentistry Winnipeg and Kids Dental in Winnipeg, Canada. Dr. Cohn is a partner, and has surgical privileges at Western Surgery Centre, a private surgical clinic. In addition to private practice, she is a part time clinical instructor, in Paediatric Dentistry at her alma mater, Gerald Niznick College of Dentistry at the University of Manitoba.

Keep the Kids IN your Practice

Lecture

As a general practitioner, you should be able to care for most of the kids in your practice, without having to refer them out to the pediatric dentist across town. Taking care of your kids should be fun and stress free. Learn how with the most up to date methods and techniques for intra-coronal restorations, primary dentition full coverage, pulpotomies and more. Step by step instructions will be provided to help you become a superstar with the kids and parents in your practice. As Benjamin Franklin said "Tell me and I forget, teach me and I may remember, involve me and I learn" In this course, you will be involved. You've heard it before - treat your kids well and your practice will soar.

COURSE OBJECTIVES:

- Learn efficient reliable paediatric methods and techniques.
- Effectively treat anterior and posterior primary dentition decay.
- Successfully diagnose and treat pulpally involved teeth with new materials.

Dr. Daniel Pompa, an Oral and Maxillofacial Surgeon, Dr. Pompa shares new and proven clinical approaches while expanding problem solving and analytical skills. He delivers high energy, interactive, multimedia presentations. Attendees will gain insight into the decision making process by reviewing multiple case history scenarios.

Dr. Pompa uses this approach across a wide spectrum of topics, based on 30 years of experience as an Oral and Maxillofacial Surgeon. Concepts and methods presented are supported by a thorough review of the most recent evidence-based dental and medical literature.

With guidelines and principles that will broaden your situational awareness, both surgically and medically, participants understanding, confidence and patient outcomes can improve.

Actions & Algorithms for Medical Emergencies

From handling a medical emergency to deciding on an alternative treatment plan when cases take an unexpected turn, attendees benefit from courses presented by Daniel G. Pompa, DDS.

COURSE OBJECTIVES:

MEDICAL TOPICS:

- Actions and Algorithms for Medical Emergencies: How to Save a Life (Including Your Own)
- The "Top 10 List" for Essential Drugs in the Emergency Drug Kit
- The Role of the Dental Professional in the Treatment of the Diabetic Patient
