

2023 TMDs CE courses for Atlantic AGD

Know your patient's TMJ complex baseline before dental procedures and manage common TMDs in your dental office

----One-day CE course with hands-on sections

Yang Gu BDS, MSc., Dip. OMOP, FRCD (C)

Assistant Professor and Oral Pathologist

Director of Oral Pathology Clinic

Course Director of Oral Medicine Oral Pathology Oral Radiology

Department of Oral and Maxillofacial Sciences

Faculty of Dentistry, Dalhousie University

Course outline:

What is the reason that TMDs happen after dental procedures? Do we really know the patient's TMJ complex baseline before a dental procedure? How to adjust your restoration plan to fit the patient's TMJ complex status? How to manage common TMDs in a dental office? You will find answers in the course. Furthermore, the hands-on section will help you to practice what you learn in the course.

Course objectives:

Morning section (3 hours):

1. Lecture: Anatomy and neurophysiology of Temporomandibular Joint (TMJ) Complex
2. Hands-on: Examinations to TMJ, masticatory muscles and occlusal relations.
3. Lecture: How to know your patient's TMJ complex status? What is the cause-and-effect correlation? How to adjust your restoration plan?
4. Hands-on: Make a note of the cause-and-effect correlation to your case.
5. Lecture: Common Temporomandibular Joint Disorders (TMDs) and their diagnostic criteria

Afternoon section (3 hours):

1. Lecture: Local and systemic etiologies of common TMDs.
2. Hands-on: Make a note of the etiology and diagnosis for your case.
3. Lecture: Management guidelines of TMDs and the appropriate usage of oral appliances.
4. Hands-on: Analyze four real clinical cases to setup diagnoses and treatment plans.
5. Summary and take-home message.

Requirements to audience

1. Agree with a reciprocal orofacial exam for understanding the TMJ complex.
2. Agree with a good sense of teamwork in analyzing the case of your group.
3. Only 48 audience seats: four study groups, each group 12 seats.

Dr. Yang Gu BDS, MSc., Dip. OMOP, FRCD (C)
Assistant Professor and Oral Pathologist
Director of Oral Pathology Clinic
Course Director of Oral Medicine Oral Pathology Oral Radiology
Department of Oral and Maxillofacial Sciences
Faculty of Dentistry, Dalhousie University

Qualifications:

- Bachelor Degree of Stomatology (BDS) from Huaxi Dental School of Sichuan University
- Master Degree of Oral Medicine (MSc.) from Huaxi Dental School of Sichuan University
- Post graduate certificate and Diploma of Oral Medicine and Oral Pathology (Dip. OMOP) from the Faculty of Dentistry of University of British Columbia
- Fellow of the Royal College of Dentists of Canada (FRCD (c))

Experience:

- General Dentist and Oral Medicine Specialist registered in China
- Professor in the Dental School of Dalian Medical University
- Residency in Vancouver General Hospital
- Clinical assistant professor in the Faculty of Dentistry of University of British Columbia
- Assistant Professor and Director of Oral Pathology Clinic in the Faculty of Dentistry of Dalhousie University
- Oral Pathologist registered with the Provincial Dental Board of Nova Scotia (PDBNS) of Canada
- Peer reviewer of Oral Surgery, Oral Medicine, Oral Pathology, Oral Radiology and Endodontology (Triple O Journal)

Private Practice:

- Dr. Y. Gu Oral Pathology Office, 1606 Oxford ST, Halifax, NS B3H 3Z4
